Paper systems solutions are eco friendly, sustainable, cost effective green packaging solutions to help protect your products from shipping damage. With a comprehensive portfolio of machines and paper options, we cover any possible need - void fill, cushioning, or blocking and bracing. Machines are designed specifically for any logistic operator. Our solutions use FSC certified 100% recycled paper. FSC is an acronym for the Forest Stewardship Council®, which is an independent, non-governmental, not-for-profit organization established to promote the responsible management of the world's forests. Simi Group selection of paper systems are the safest, most reliable and easy to use solutions available on the market.
